

# SHIZA SULTAN

Frontend Developer and Web Designer

+92 3054576377 | [shizasultan117@gmail.com](mailto:shizasultan117@gmail.com) | [linkedin](#)

## TECHNICAL SKILLS

---

- Languages: JavaScript, C++
- Web Dev: HTML, CSS, Bootstrap, Tailwind, React JS, Next JS, firebase, Git & GitHub
- Expert: MS Word, Power Point, MS Excel, AI Prompt Engineering, English Speaking, Team work

## EDUCATION

---

### Government University of Faisalabad

2023-2027

Bachelor of Science in Computer Science

CGPA: 3.34 / 4.00

### Web Designing

I completed a web designing course from SMIT Institute, where I gained practical experience in responsive web design and front-end development using HTML, CSS, and JavaScript.

### Web Development

- Completed **Web Development (MERN Stack)** course from **SMIT Institute**.
- Gained **hands-on experience** building full-stack web applications using **MongoDB, Express.js, React.js, and Node.js**.
- Strengthened skills in **front-end development, API integration, and database management**.
- Learned to create **dynamic, responsive, and scalable web projects**.
- Applied best practices in **full-stack web application development** and project implementation.

## Personal Projects

---

- Built a **Redux Login System** using **Next.js and Redux Toolkit** for global authentication management.
- Developed a **responsive E-commerce Website** with product search, filtering, and smooth user experience.
- Created a **Food Website** showcasing menus, interactive features, and smooth animations.
- Designed a **Portfolio Website** with **Next.js and Tailwind CSS** to showcase projects and skills.
- Each project highlights the ability to build **responsive, interactive, and user-friendly web applications**.

## Front-End Developer Intern – *Sky Infinit*

*Duration: [December 2025] – [January 2026]*

---

- Gained hands-on experience in **building responsive and interactive web applications** using **HTML, CSS, JavaScript, React, Next.js, and Redux Toolkit**.
- Developed and maintained **frontend components** ensuring cross-browser compatibility and responsive design.
- Implemented **state management** and **global authentication** features using **Redux Toolkit**.
- Collaborated with team members to **integrate APIs** and enhance user experience.
- Strengthened skills in **debugging, UI optimization, and modern web development practices**.

## ABOUT ME

---

Computer Science student with a strong foundation in **web development**, skilled in **HTML, CSS, and JavaScript**. Passionate about building **responsive, user-friendly, and interactive web applications**. Actively expanding expertise toward **full-stack development** through **project-based learning and hands-on experience**, with a focus on delivering clean, scalable, and efficient solutions.
